Subject: Dimock Update

-The CIC has been getting calls from residents asking for their data results. Trish has also been informed by residents that they have received data results from Cabot. One resident has shared the Cabot data with Trish and she passed it on the OSC.

-A roll-out strategy for communicating data to the residents has been drafted, along with a fact sheet to distribute in advance of the roll-out.

-A draft paid ad has been prepared to announce the availability of the Administrative Record file and 30-day public comment period.
